THE NOMINATIONS

Nominations were held in the council chamber this morning for the new city council. The interest in the nominations was very great, and the council chamber was filled with the business men of the city, discussing municipal affairs. All seemed to recognize that the selection of the most capable men for the council at the present time was of the greatest importance to the city. The nominations resulted as follows:

Mayor—K. W. McKenzie, by acclamation.

Aldermen—K. A. McLeod, D. R. Fraser, Thos. Bellamy, Robt. Lee, W. A. Deyl, J. H. Boyle, W. S. Weeks, Chas. May, Gustav Koerman, J. H. Picard, Dr. H. C. Wilson, P. E. Butchart, W. H. Clarke, J. Brunelle, F. G. Haldane, S. C. Paton, A. York, D. W. McDonald, W. A. Griesbach, and T. M. Grindley.

For trustees of the Edmonton protestant school district No. 7, Rev. H. A. Gray and H. C. Taylor by acclamation.

For trustees of the Edmonton Roman Catholic public school district No. 7, O. Tessier, Wilfrid Garipey, and N. D. Beck, by acclamation. Elections for aldermen will be held on Monday, December 12, in the council chamber. Eight out of the twenty are to be elected.

Life Imprisonment

Ottawa, December 5th.—There was a meeting of the cabinet Saturday and the sentence of hanging against Slaughter Sandwich was commuted to life imprisonment. The man he hit with a billiard cue while drunk died a month after.

CITY ELECTIONS

A meeting of ratepayers was held in the sample rooms of the Alberta Hotel on Saturday evening to select a citizens' ticket for the present municipal elections. About fifty business men of the town were present. The meeting was opened by Mayor Short, who spoke briefly of the object of calling the meeting. The present was a most critical time in the history of Edmonton. Good men, men of large but careful enterprise, were needed to direct the city's business. The ratepayers should see to it that such men are elected, men who will serve the city's interests, and not men who are seeking election as aldermen merely to gratify personal interests. Jno. A. McDougall spoke along the same line, emphasizing the great need for capable men for aldermen at the present time.

Twenty names of possible candidates for aldermen were then selected, and a ballot taken, the intention being to narrow the number down to ten, and afterwards to select eight out of these ten names. The ballot resulted as follows: Thos. Bellamy, S. C. Paton, K. A. McLeod, W. H. Clark, J. H. Picard, Robt. Lee, Chas. May, Dr. Wilson, P. E. Butchart, and D. R. Fraser.

Trouble For The Ministry

Ottawa, December 5.—The Colonial Secretary announces that Sir Elsie Maccheron, acting governor, is rightly "His Excellency." He wants to attend the church next Sunday to receive the papal delegate in state. This is causing great concern to the Government, and will call down the British Government's wrath.

A CHRISTMAS THOUGHT.

Did you ever think how very appropriate a Christmas gift a piano makes. Your daughter or your wife would certainly be charmed with such a thoughtful expression of your affection. Of course, it must be a good instrument. A poor one would defeat the object of the gift. Make it a Heintzman & Co. Piano and it will be a lasting joy to the recipient.

Heintzman & Co. Piano possesses a pure, rich, sustained tone throughout the scale; its action is prompt and elastic, responding instantly to the player's every gradation of touch.

Don't leave it to the last moment. Call at our warerooms now. Let us explain to you the many points of Heintzman & Co. superiority. We will deliver the piano Christmas Eve, if you wish.

Write for some of our booklets—they explain why the Heintzman & Co. is the best piano you can buy.

Convenient and easy terms of payment can be arranged for those who do not desire to pay cash.

OLD TIMERS TO MEET

The annual meeting of the Old Timers Association will be held in W. G. Ibbotson's office on Wednesday evening December 14th at eight o'clock. The principal business is the election of officers for the coming year. A large attendance of the Old Timers is urgently requested. The Association will discuss the holding of their annual celebration. It has not been decided whether a ball or supper will be given.

Municipal Telephones

Standard:—

Great Britain is taking the lead in the municipal operation of public services, and the telephone is likely to pass under the control of the civic authorities. At the present time municipal exchanges are in operation or in the course of construction in Glasgow, Brighton, Portsmouth, Swansea and Hull, and the result has been generally satisfactory. In Glasgow there is now a service of 11,500 telephones, with an average revenue of \$21 each. Out of this average charge there is a royalty of 10 per cent. paid to the post office department, and the net return is sufficient to provide for interest and sinking fund and set aside a surplus for depreciation. These results have been obtained from two years' operations. The service covers an area of 143 square miles and the equipment is far superior to that in use where the telephone is a monopoly held by a private corporation. The Brighton municipal service has been recently introduced and has about 800 subscribers. The whole plant within the town is underground, poles being used only for country service. The town has a disadvantage of a competitive service by a private corporation but the opinion of the subscribers is strongly in favor of municipal control.

In Portsmouth the municipal system was established in March, 1903, but the operations have already resulted in a surplus. The rate is \$23 for an unlimited service. The average receipts for the past year were \$1754 which produced a gross revenue of \$29,137. After paying all fixed charges, operating expenses, post office royalty and Government long distance charges, there was a surplus of \$11,095, or over nine per cent. on the capital expenditure. At Swansea the system has not been in operation for a year, but it has 750 subscribers, with almost enough additional orders to bring up the list to one thousand. A revenue of \$19,500 per phone has been found sufficient to pay all charges, meet all expenditures, and leave a substantial surplus. In Hull the municipal exchange will soon be in operation with over one thousand subscribers. The rate will be \$30.68 for an unlimited service, \$28 for second and subsequent connections, and \$14.61 for measured service. In commenting on these results, the Canadian Engineer says

that in Great Britain the municipal telephone has come to stay, and its opponents will find it difficult to stem the tide in its favor.

ASSEMBLY CONVENTION**C. W. CROSS SELECTED****A Large, Enthusiastic and Unanimous Gathering**

The convention held on Saturday afternoon in Unity Hall, Sandison block, to choose a candidate for the Edmonton electoral division in the Territorial Assembly, resulted in the selection of C. W. Cross by a ballot of 61 to 15 over J. A. McPherson. On motion of D. Lent, of White Horse Lake, who had moved the nomination of Mr. McPherson, the nomination of Mr. Cross was made unanimous.

The attendance was exceptionally large. Thirty-seven polling subdivisions or partial subdivisions were represented by 76 delegates or proxies, and of the 76, fully 66 were personally present, two being present from Athabasca Landing, a distance of 100 miles. The large attendance showed the interest that is felt in Territorial politics. Very much greater than ever before and justly so in view of the departure of the premier from his former policy of non-interference in Dominion politics, and of the important provincial autonomy issue.

The committee on credentials, which had been appointed at the preliminary meeting held one week ago began work about 1.30. The members were: K. W. McKenzie, chairman; J. R. Boyle, secretary; J. J. Schell, W. Bristow, D. H. Lent, A. E. Putnam, Isaac Gagnon, J. Lamoureux and Frank Oliver, M.P. After the credentials had been passed upon, and all difficulties adjusted satisfactorily the convention organized for business. F. Oliver, M.P., was asked to preside as chairman, although not a delegate, and J. R. Boyle was elected as secretary. Messrs. K. W. McKenzie and D. H. Lent were appointed tellers, to count the ballots. Dr. Clendenan, and Messrs. W. J. Webster, Wilfrid Gariepy, W. Bristow, E. J. Welbourne, and J. H. Poirard were appointed a committee on resolutions.

Nominations were then called for. J. A. McPherson was nominated by D. H. Lent, and seconded by J. J. Schell. Mr. Lent appealed strongly for the election of a farmer, as understanding best the needs of the farmers in regard to roads and other matters of chief concern to them. He also spoke highly of Mr. McPherson as a citizen and as a capable representative. The town had been represented for twenty years. It was time that the country had a chance.

C. W. Cross was nominated by A. E. May, and seconded by Isaac Gagnon. Mr. May laid stress on the necessity of having the district represented by a man versed in public affairs. Great changes were in prospect in Territorial politics and it was necessary in the interests of both town and country that Edmonton should be represented by the best man who could be found. Mr. Cross could be depended upon to work for good roads, and in the interests of the farmers generally, and at the same time could take a lead-

ing part in the discussion of the change of conditions that must take place in the near future.

D. S. McKay, of Stony Plain, spoke in behalf of Mr. McPherson's candidature.

John McLennan spoke in behalf of Mr. Cross's candidature.

The committee on resolutions reported, and the following resolutions were carried.

Dr. Clendenan—Welbourne. That the members of this convention here assembled, pledge ourselves to support the nominee of the convention.

D. H. Lent opposed, and J. R. Boyle supported the resolution.

Webster—Poirard. That this convention expresses its confidence in the present premier, Sir Wilfrid Laurier and his cabinet, and its high appreciation of the policy pursued by the present Government, especially in regard to railway and immigration matters.

Bristow—Gariepy. That this convention of electors of the Edmonton district hope that the financial resources of our local government will permit in the near future by a wise administration, of a substantial improvement in the roads and bridges of the district, and that no change will be made in our Territorial standing that will not increase these all important expenditures.

Welbourne—Clendenan. That this convention of electors of the Edmonton district take this first public opportunity to congratulate our esteemed representative Mr. Frank Oliver upon his recent success at the polls, and to express our satisfaction that his public record has received such an eloquent endorsement.

Mr. McPherson was the first candidate called upon to speak, having been first nominated. He spoke briefly and to the point. He had permitted his name to be placed before the convention only at the urgent wish of his friends. At the same time he thought that as the town had been represented for over twenty years in the assembly, it was time that the country had a turn. On the question of roads, the farmer was the most interested, and therefore might be expected to look more closely and energetically after road expenditures than a city man. The roads of the district had been a disgrace for years. They were better now, but the engineer was Jack Frost. Regarding provincial autonomy, he was of the opinion that there was no reason to rush matters. The farmers had some reason to complain of certain legislation which had been passed at Regina. He need not specify the ordinances, but clearly, the interests of the farmers had not been properly guarded.

Mr. Cross was called upon, and said that he was before the convention for the same reason as had been given by his friend, Mr. McPherson. He had been asked by people in both town and country to stand for nomination, and had consented to do so. If he should be the choice of the convention, he would use every endeavor to secure reelection, and if Mr. McPherson were chosen he would use equal endeavor to elect him. He wanted to win the election, whether for himself or Mr. McPherson. Where he had been reared and had taken part in elections it had always been as the under dog; and for eighteen years the family to which he belonged had turned out the lights and gone to bed early on election nights. He had had all the experience he wanted in losing elections in the East. Here in the West he wanted to win. Regarding the roads, while he was not as familiar with all the phases of the question as Mr. McPherson, he would pledge himself to do all that could be done for their improvement. As a resident of the city, he had no local interest to serve as the city got nothing from the local Government. On provincial autonomy he was only in favor

We Paid \$100,000**For Ligozone—Yet We Give You a 50c. Bottle Free.**

This Company, after testing Ligozone for two years in the most difficult germ diseases, paid \$100,000 for the American rights. That is by far the highest price ever paid for similar rights on any scientific discovery.

We publish this fact to show you the value of Ligozone. Men of our class don't pay a price like that save for a product of remarkable worth to humanity.

Kills Inside Germs
The reason for that price is this: Ligozone alone can kill germs in the body without killing the tissues, too. Nothing else in the world is so good for the human body; yet Ligozone is a germicide so certain that we publish on every bottle an offer of \$1,000 for a germ that it cannot kill.

Not Medicine
Ligozone is not made by compounding drugs. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, this gas is made part of the liquid product. Ligozone has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a product that does what oxygen does. Oxygen is the very source of all vitality, the most essential element of life. Ligozone is a vitalizing tonic with which no other known product can compare. Its effects are exhilarating and purifying. But germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

Ligozone goes wherever the blood goes, destroying every germ in the body. In this way it cures diseases which medicine never cures. It will do more for sick humanity than all the drugs in the world combined.

Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

SPORTS

The Strathcona skating and hockey rink will be ready at the end of this week.

As the time approaches when the hockey season will open, Strathcona people are wondering just what they may expect from the home team. Last winter they were decidedly under a cloud, though always doing so well that it was felt that a very little improvement in certain positions would change defeat into victory. Casting about to see what material Strathcona has for a hockey team, we find that the prospects are very good. Fred Richards and J. W. Blain are still in form, and ready to join the battle in defence of the town's hockey honor. R. A. Blain has not decided to hang up his stick yet, and will doubtless be in the game in the same place. Norman May is not in the best of health and may not take his accustomed place at cover point, but that depends upon whether or not he recovers sufficiently to dare re-enter upon the strenuous life of a hockeyist. Albert Kent, F. H. Dobson, and Harold Ritchie, three stalwarts of the forward line, are all in form and ready to don the armour at the first call. Wes McKernan, who has been a sturdy man at point for the last three years, is on deck, and we understand is in better form than last season. There are also several who did excellent work last year on the second and junior teams, who will be in action again, and may find places on the senior team this winter. There is also some new blood of great promise. Mr. S. Humeston, who played goal so efficiently for Edmonton last season, is a resident of Strathcona this season, and will occupy that very important position in front of the Strathcona goal nets. Mr. Norman Elliott, formerly of Perth, Ontario, is a hockeyist of some repute, who is now a resident of Strathcona, and may find a place with the first eleven. We have mentioned ten men, and have in mind three or four others who will certainly be candidates for the first team, so that there is reason for believing that Strathcona will not only have a good first team but also a good second team to give them hard practice, and keep them up to the standard of efficiency which will be required to enable them to win out against Edmonton and other ambitious towns and cities this winter.

The Regina hockey team gets forty per cent of the receipts of all league games, and fifty per cent of the receipts of exhibition games.

Strathcona curlers have re-organized for the season, with the following officers:

Patrons—Lord Strathcona and P. Talbot, M.P.

Hon. President—A. C. Rutherford, M.L.A.

President—R. B. Douglass.

Vice-President—G. F. Downes.

Secretary—Treasurer—R. T. Baines.

Committee—Dr. Fuller, J. M. Douglas, Rev. W. R. George, W. H. Shepard, J. G. Tipton, J. S. McWithey, and A. McLean.

According to a despatch to the Montreal Star, it has been finally decided that the Klondike hockey team will leave Dawson on the 20th of December. This will give them eighteen days to make the trip so that they will arrive in Ottawa on January 9. Weldy Young has been chosen captain. The Klondikers have splendid material for a team and will play a series of four matches to decide what men shall go. The first of these matches has already been played. The citizens of the Yukon have guaranteed their expenses.

ORATORIO

As the date set for the Choral Society's concert approaches it may be of interest to intending patrons to know just what oratorio music is.

For many hundreds of years previous to the 16th century it had been the custom on important ecclesiastical occasions to perform "miracle plays" or crude dramas on sacred subjects. These "miracle plays" were introduced by the church authorities as a means of popular instruction in sacred doctrine and history, but afterwards corrupted by the gradual introduction of absurd and monstrous traditions respecting our Saviour and His Apostles, and by the interpolation of ludicrous soliloquies and dialogues. But about the middle of the 16th century St. Philip de Neri, a priest of Florence, devoted himself to the improvement of these performances and introduced historical scenes or sacred allegories in the course of the services held in his "oratory" (hence the name oratorio which is Italian for "oratory.")

About the middle of the 18th century oratorio took its place as an important feature of church worship. Familiar chorals, in which the congregations were allowed to take part, were introduced. At the present time an oratorio may be said to consist of recitative or musical declamation, solos for different voices, choruses and instrumental interludes.

Among the most popular oratorios may be mentioned "Messiah" by Handel, "Elijah" by Mendelssohn, "Creation" by Haydn and "Redemption" by Gounod.

Into these works the world's great composers put their best efforts and the musical world has been greatly enriched.

The "Redemption" is a lyrical setting forth of the three great facts on which depends the existence of the Christian church. These facts are:—

1. The Passion and Death of the Saviour; 2. His glorious life on earth from His Resurrection to His Ascension; 3. The spread of Christianity in the world through the mission of the Apostles. The music is very descriptive and pleasing. Passion, pathos, grandeur and dignity are in evidence throughout both in solos and choruses. Some of the solos and choruses which the Choral Society will sing are the song of Mary at the foot of the Cross, "While my Watch I am Keeping," the chorals, "For us the Christ is Made a Victim Availing," "Lord Jesus Thou to all Bringest Light and Salvation," choruses, "From Thy Love as a Father," "Unfold ye Portals Everlasting," "Lovely Appearance," "The Word is Flesh Become," and the song of the Most Holy Trinity, which is the grand finale to the oratorio. In addition to this there will be sung Gounod's "Send out Thy Light" and Woodward's setting of Tennyson's beautiful poem "Crossing the Bar," and selections from the "Messiah" and "Elijah," by the Misses Webster and Messrs. G. H. McLeod and Howard Stutchbury. These singers are too well known to need any comment and the public may be assured that Tuesday, Dec. 6th will be a red letter day in the history of music in Edmonton.

Looks Like Early Construction

Montreal, November 29.—Fully 25,000 French have left or are leaving their native land for Canada, with promise of work at good wages on the construction of the G. T. P. These people are at outs with the French Government over the treatment of Roman Catholics. The preliminary negotiations have been conducted through the Vatican and a few enterprising merchants of Montreal on behalf of the immigration Department of Canada. The first batch of colonists, 12,000 strong, are ready to sail for Canada.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity used" above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantiated.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1899.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.

N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

Orange Meat

The Premium Food

THE MARKETS

Butter—The demand for shoe print butter continues strong. Twenty-five cents per pound is offered.

Eggs—Eggs bring twenty-five cents a dozen, and strictly fresh eggs a couple of cents more. There is a large demand for fresh eggs.

Potatoes—Potatoes bring from twenty-five to thirty cents a bushel.

Hogs—The price of hogs has dropped during the past week, and now the top price paid is 41-2 cents a pound.

Fowl—The market has been overstocked with fowl, and is consequently dull. For chickens, twenty-five cents a piece is paid. Ducks bring ten cents a pound; geese, twelve cents a pound, and turkeys, twelve and a half cents a pound, dressed.

Beef—Scarcely any cattle are being bought by weight, but all by the head.

Mutton—Four and a quarter cents a pound live weight is paid for sheep.

Hay—A very large amount of hay has been offering this week, and the market has been kept well supplied. A large demand exists, and prices range from five to eight dollars a ton for wild hay, and from eight dollars to eleven dollars for timothy. Green feed brings from five to six dollars a ton.

Oats—Oat deliveries during the past week have been light, and prices range from 21 to 24 cents per bushel. There is a wide divergence in the quality of the grain offered. Some of it is the best that has ever been received in the city, while other samples are very light.

Wheat—Wheat deliveries continue fairly heavy, the quality being good. The price ranges up to 85 cents a bushel.

The Telephone Purchase

The Strathcona Plaindealer, in its last issue contains the following article on the recent purchase by the City Council of Edmonton of the Edmonton District Telephone System:

The purchase of the District Telephone System by the City of Edmonton will be a notable advance in the municipal ownership idea, and it is probable that the ratepayers of Edmonton will ratify the contract on December 19. The City is undoubtedly to be congratulated upon being able to acquire so easily this very valuable property, not so much for its present worth as for its future value. It is not often that a city can acquire a franchise and a property which extends for hundreds of miles in all directions, but that is what Edmonton gets in the telephone system. There are three hundred and fifty miles of wires, including three exchanges outside the City, one at Strathcona, one at St. Albert, and one at Fort Saskatchewan, besides lines to Ellerslie, Beaumont, Leduc, Clover Bar, Agri-cola, Stony Plain, Riviere Qui Barre and Morinville. Strathcona people are wondering what effect the change will have upon their service. We may expect that our position will be improved rather than injured. The City of Edmonton will in all probability only seek revenue from the telephone system sufficient to pay running expenses, extensions, sinking fund and interest on the debentures. Since there will be no dividends expected, as in the case of a company, rates may stand at a minimum. Whether this last supposition will apply to the service outside the city or not is a matter which the commissioners in charge will determine. We may take it, however, that as a matter of policy rates will not be raised and that the efficiency of the service will be kept up to a high standard. The company has only a limited franchise in Strathcona, exclusive until next October, and general rights for five years after that date. A year from October past, this town will be at liberty to install a system of its own or to grant rights to any other company. Undoubtedly if reasonable arrangements can be made it is better for telephone pat-

rons in both Edmonton and Strathcona that only one system shall exist in the two places, especially where no extra charge is made for transfer from one central to the other.

Homestead Entries

The homestead entries made at Dominion land agencies in Manitoba, the North-West Territories and British Columbia during the month of October, as officially reported to the chief agency at Winnipeg, were as follows:

Regina.....	460
Edmonton.....	237
Calgary.....	191
Battleford.....	173
Alameda.....	150
Prince Albert.....	134
Lethbridge.....	124
Winnipeg.....	49
Dauphin.....	49
Kamloops, B. C.....	3
New Westminster, B.C.....	2

Compared with figures for the corresponding month last year, increases are shown at Dauphin, Lethbridge, Edmonton, Prince Albert, and Battleford.

Northern Alberta

Theodore M. Knappen, president of the Western Canada Immigration Association has an excellent article in a recent issue of the Review of Reviews. Reference is made to Edmonton in the following paragraph:

In the far North-West, Edmonton and Strathcona, at the terminus of one branch of the Canadian Pacific, await the coming of the Canadian Northern and the Grand Trunk Pacific, and discount the future. In the heart of a rich, general farming region, Edmonton counts much on the agricultural richness of the distant Peace river country, where at 59 degrees north latitude the wheat plant flourishes and bears bountifully. Today it is the great depot of the fur trade of the north country, even to the Arctic Ocean. Single cars of furs worth one hundred and fifty thousand dollars are often consigned to Montreal from Edmonton. In the two towns there are now nine thousand people, and eight hundred thousand dollars' worth of building has been done this year.

For Patrol Work

Standard:

Com. Perry, of the North-West Mounted Police, is in San Francisco for the purpose of purchasing a whaling boat which can be used by the police for patrolling the Beaufort sea between the mouth of the Mackenzie river and Herschell Island, where the American whalers operate. The police have now great difficulty in getting from Fort McPherson to the mouth of the Mackenzie, and the boat which they used on the open sea last year was wrecked.

The Mounted Police have received a report from Sergeant Fitzgerald, who with one policeman will winter at Herschell Island. Two policemen will remain at Fort McPherson. Serg. Fitzgerald says that the American whalers have expressed their desire not to trade liquor with the natives. The captain of one of the American boats put a sailor in irons because he gave liquor to a foreman who went on board one of the boats.

Tenders for a License to Cut Timber on Dominion Lands in the District of Alberta.

SEALED TENDERS, addressed to the Timber and Mines Branch, Department of the Interior, and marked on the envelope "Tender for Timber Berth No. 1,196," will be received at this Department until noon on Wednesday, the 4th day of January, 1905, for a license to cut timber on Berth No. 1,196, comprising the south-west quarter of section 10, township 50, range 4, west of the 5th Meridian, containing an area of one-fourth of a square mile, more or less.

The regulations under which a license will be issued, also printed forms of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at Edmonton.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license.

No tender by telegraph will be entertained.

ASSEMBLY CONVENTION

Continued from page 3.

of it if our financial position would thereby be improved. He would stand for the interests of the Territories if elected, irrespective of the attitude of the Dominion Government.

The ballots were then given out as each delegate's name was called. After having been marked they were collected and counted by Messrs McKenzie and Lent, assisted by W. Bristow as scrutineer for Mr. McPherson and Mr. G. B. McLeod as scrutineer for Mr. Cross.

The result of the ballot was announced as follows:—Cross 61, McPherson 15.

On motion of Mr. Lent the nomination was made unanimous, which was done amid cheers.

Mr. Cross was again called upon and made a few remarks thanking the convention for the honor conferred and asking for the assistance of the delegates in the contest when it should come.

Cheers were given for Mr. Cross and also for Mr. McPherson.

It was moved by D. H. Lent, seconded by Wilfrid Garipey that the delegates to the convention be a permanent association for the coming election. Officers were elected as follows:—President, A. E. May; Secretary, J. R. Boyle; Executive Committee, J. A. McPherson, A. E. Putnam, Isaac Gagnon, G. B. McLeod, Dr. Clendenan, Jos. Lamoureux, W. Bristow, W. Deyl, P. E. Lessard, John Fielders, S. J. Trescott, Jas. McGeorge, Jas. Hostyn.

Mr. McPherson who had been absent from the room for a short time was called upon for a speech. He said that he believed that the convention had been fairly conducted. He had gone into it prepared to stand by the result and would do so. Cheers.

Ontario By-Elections

Toronto, Ont., November 28.—The Toronto Star, Liberal, states that the Ontario general elections will be held about January 17. The interval between now and Christmas is to prepare for the campaign. The Telegram says that the bye-elections will be brought on first.

The clerk of the house has not received any instructions of election and will not be called upon to act of his own accord, he says, until about the middle of December. The constituencies in which bye-elections will be necessary are:

North Perth—Brown, Liberal, unseated.

North York—Hon. E. J. Davis, Liberal, unseated.

North Norfolk—Little, Liberal, unseated.

North Grey—A. G. McKay, minister, trial pending.

North Renfrew—A. E. Dunlop, Conservative, resigned.

Sault Ste. Marie—C. N. Smith, Liberal, unseated.

Dufferin—Dr. Barr, Conservative, resigned.

Port Arthur and Rainy River—J. Connors, resigned.

South Norfolk—W. A. Charlton, new minister.

Brockville—G. P. Graham, new minister.

The Vote In Ontario

Ottawa, November 29.—The returns for the Federal elections have all been received by the clerk of the crown in chancery for Ontario, with the exception of three or four constituencies, which will slightly increase the Conservative returns. What has been received shows a total vote cast of nearly 400,000, of these, the Conservatives got 200-

199. Liberals, 197,039, and Independents, 2,653.

In the Independent list is Mr. Ratz, of Middlesex, who got a vote of 1,894, and was elected. The government will have a large majority of the popular vote of the Dominion. The Conservatives have got about ten more members in Ontario than the Liberals.

How to Oil Harness

Horse World:

As a preservative of leather, oiling the harness is a very useful thing. But there are many ways in which harness is oiled, and not all are good ways. The following, however, may be vouched for to be all right. Take the harness to a room where you can unbuckle it and separate the parts completely. Wash each part well in lukewarm water, to which has been added a little potash. Scrub well with a hair brush until all the grease and dust has been removed. Work the pieces well with the hand until they become supple. It won't do to oil it until it becomes so. Let the parts dry in a place where they will do so slowly. When just moist, oil them. For this purpose use cod liver oil. It is the best for this purpose. Besides if you were to use neat's foot the rats and mice are your enemies at once, while they will not touch harness that has been oiled with cod liver oil. Give a good dose of oil to all parts, and then hang up to dry. When dry, rub well with a soft rag. When this is done you will have a splendidly oiled harness.

Use Lever's Dry Soap (a powder) to wash woollens and flannels,—you'll like it.

LOCAL

—A hockey practice will be held this evening if the weather permits.

—Rev. Father Hussan, of the diocese of Mackenzie River, arrived from Montreal last week.

—G. W. Brydges, of the Imperial Bank, left this morning for Toronto on a short visit for his health.

—A general meeting of the Board of Trade will be held Wednesday afternoon, Dec. 7th, in the Town Hall.

—A full rehearsal of the Choral Society will be held in Robertson's Hall to-night. All members are expected to be present.

—The plan of the hall for the Choral Society's concert to-morrow evening is at Archibald's drug store. The admission fees are 50 cents and 75 cents.

—Tribune—William Kennedy, of Strathcona, who lately purchased the Grand View hotel at Elm Creek from H. Falconer, left for that place on Saturday to assume possession. Mr. Kennedy is the eldest son of Postmaster Kennedy of Elm Creek.

—An enthusiastic meeting of the young men of the city interested in Y. M. C. A. work was held in Robertson Hall yesterday afternoon. These present subscribed \$1,300 towards a new Y. M. C. A. building. A report of the meeting will appear in to-morrow's Bulletin.

—Post—The C. P. R. engineer's outfit who have been working for the season on the new extension east of Wetaskiwin left on Wednesday morning's train for the south, they spend a week at Lacombe, where the work is not so well advanced as on the Wetaskiwin extension.

—Calgary Albertan—The end of the year in the building is fixed at November 30. The building inspector has not yet completed his report, but knows enough about it to say that during the year the building in the city has exceeded \$2,000,000. That is a record for this city and for any other city of its size in Canada or in America.
